

Allstate Mapping and Layout

Construction Surveying Specialist ■ GPS Consultants ■ 3D Scanning/BIM Experts

Allstate Mapping and Layout has an opportunity for a part time Survey CAD Technician to join our Bloomfield, NJ survey team. The Survey Technician will have knowledge of land surveying practices and procedures, and survey computations. This position also requires a strong working knowledge of AutoCAD, Civil 3D and MicroStation. Construction layout experience is helpful. In addition, the Survey Technician will import survey field crew electronic field notes, prepare field to finish topographic surveys, prepare plats, ALTA and boundary surveys.

Primary Duties and Responsibilities:

- Import survey field crew electronic notes
- Prepare field to finish topographic surveys
- Prepare plats, ALTA, and boundary surveys
- Ability to handle drafting assignments with little input from supervisor
- Reliable and able to work core business hours
- Self-starter with strong time management skills
- Initiative to learn advanced drafting techniques
- Desire to learn principles and practices of Land Surveying

Preferred Qualifications:

- High School diploma or GED required; Associates degree or drafting certificate strongly preferred
- Experience in AutoCAD, Civil3D, MicroStation, and Carlson
- Familiar with ALTA/NSPS surveys, boundaries and field-to-finish topography
- Strong background in construction stakeout.
- Strong verbal and written communication skills

Qualified candidates are encouraged to APPLY TODAY for immediate consideration.

At Allstate Mapping and Layout our mission is to provide superior services to our clients using the latest field and office equipment, keeping us on the frontier of innovative technology. Our staff has over 40 years of experience in providing professional and reliable surveying services. We are committed to integrity, honesty and offer prompt services of the highest quality.
