

CAMPUS: Survey Internship Opportunity - Summer 2021 (37302)

Langan provides expert land development engineering and environmental consulting services for major developers, corporations, energy companies, healthcare systems, colleges/universities, and large infrastructure programs throughout the U.S. and around the world. Our employees collaborate seamlessly among 30+ offices and gain valuable hands-on experience that fosters career growth. Langan culture is entrepreneurial from advancing innovative technical solutions, to participating in robust training and knowledge sharing, to making progressive change within the communities we live and work.

Langan is committed to a diverse and inclusive work environment where employees are empowered to contribute their skills and knowledge to make impactful contributions. Langan is ranked as one of the top 5 Best Firms to Work For and top 100 Hot Firms in the nation.

Langan is seeking a summer (June - August) intern to join its collaborative Survey discipline in its Parsippany, NJ office. This individual will serve a key function in assisting with both field and office work covering all technical aspects of projects. In this role, you will have the opportunity to get exposure to boundary, topographic, utility, and architectural surveys.

Job Responsibilities:

- Collect site information and utility information;
- Prepare technical reports, survey plans, and layout plans for projects such as utility construction, road and parking layout, and site improvements;
- Perform construction layouts; and
- Perform other duties as requested.

Qualifications:

- Student actively pursuing a four year degree in Engineering Technology, Survey, or Civil Engineering;
- Cumulative GPA of 3.0 or greater is preferred;
- Excellent communication skills, written and verbal;
- Strong attention to detail with excellent analytical and judgment capabilities;
- Ability to effectively work independently and in a team environment;
- Ability to work in the field up to 75% of the time;
- Working knowledge of AutoCAD; knowledge of Terramodel, Trimble, Leica and Topcon Total Stations, Trimble GPS and TDS is desired; and
- Reliable transportation to access job sites and a valid driver's license in good standing.

To be considered for this position, please apply on our website at https://www.langan.com/langan-jobs?job_id=37302.

Please submit resume, cover letter, and unofficial academic transcripts. Langan does not provide housing nor relocation assistance for internship/co-op positions.

Langan is committed to employee wellbeing and providing a healthy and safe work environment.
